

# Arizona Chapter MOAA March 14, 2015, Program

Guest Speaker  
*Dr. Connie Mariano*

Join us for an informative, entertaining and humorous presentation by  
**Eleanor Concepcion “Dr. Connie” Mariano**

Her 24-year career in the U.S. Navy was capped by an impressive list of “firsts” that include:

- First military woman to become the White House Physician to the President
- First woman Director of the White House Medical Unit
- First Filipino-American in U.S. history to become a Navy Rear Admiral

While best known as physician to the presidents, her service went beyond caring for a single patient. She also cared for members of the First Family and other dignitaries and traveled around the world with the president.

She is the author of the book [\*The White House Doctor: My Patients Were Presidents - A Memoir\*](#), that takes a look at the personal lives of the three American Presidents and three American First Ladies she had taken care of in her time at the White House.

In 2001, Dr. Mariano retired from the Navy and left the White House to join the Mayo Clinic in Scottsdale. In 2005, she founded the Center for Executive Medicine in Scottsdale, which she still heads.

Dr. Mariano is widely sought as a speaker and has appeared as a guest on national television shows. Those who have heard her were impressed by her sense of humor and engaging style.

The Arizona Chapter is very fortunate to have Dr. Connie as our guest at the March luncheon. Make your reservations before it's too late.
